EXPERIENCE

FullStack Developer (6months)

Necttos Private Limited

Crafting captivating digital experiences at Necttos Private Limited in Palakkad, Pattambi. Specializing in HTML, CSS, and JavaScript, I design visually stunning and highly functional websites and applications. Committed to user-centric design and staying ahead of industry trends.

EDUCATION

Bca (Graduated), 2020-2023

University of Calicut

- Data Structures and Algorithms, Database Management Systems, Operating Systems, , Web Technologies, Computer Networks, Programming in Javascript, etc...

PROJECTS

Media Mingle

Developed a feature-rich media player application using React, Bootstrap, JavaScript, and JSON Server. This application allows users to seamlessly play, manage, and organize their media files

Key Features

- **User Interface:** Created an intuitive and visually appealing UI with React and Bootstrap, allowing users to easily navigate and interact with the media player. Media Management: Enabled users to add, delete, and categorize their media files efficiently. Playback Controls: Integrated essential playback controls such as play, pause, stop, forward, and rewind, ensuring a seamless media playback experience.
- **Media Management:** Enabled users to add, delete, and categorize their media files efficiently.
- **Playback Controls:** Integrated essential playback controls such as play, pause, stop, forward, and rewind, ensuring a seamless media playback experience.

EasyShop Hub

Developed a dynamic and user-friendly shopping cart website using React, JSON Server, JavaScript, and CSS. This application provides a seamless shopping experience by allowing users to browse, add, and manage products in their cart efficiently.

Key Features

- Product Search and Filters
- Wishlist and Favorites
- Responsive Design

SUMMARY

Full Stack Developer I am a seasoned MERN stack developer with a proven track record of successfully delivering innovative web solutions. My journey in the realm of web development began with a deep curiosity and passion for creating meaningful digital experiences. Over the years, I have honed my skills in MongoDB, Express.js, React.js, and Node.js
